

Algoma Nurse Practitioner-Led Clinic

Women's Health Clinic Proposal Meeting

March 10, 2023

Attendees:

Dominic Noel – Executive Director

Lisa Bumbaco – Board Member

Deborah Graystone – Board Member

1. Amendments required to update the current Women's Health Clinic Proposal (WHC) were discussed. Clarification was made regarding what services were currently being provided by the Algoma Nurse Practitioner Clinic (ANPLC) . Dominic clarified that the ANPLC is currently providing elective gynaecology services to patients who are registered to the ANPLC and to a population who are not registered at the ANPLC. Juli Briglio NP is currently providing these services one day/month and could increase to 2 days/month with a potential of up to one day per week. Dominic will work at accessing some data regarding the number of patients who are “unattached” that she is providing service to.
2. Dominic also clarified that the ANPLC is also providing service to registered patients to the ANPLC requiring prenatal care up to 12 weeks.
3. Discussion around including a table, within the proposal, with costs that would be required both for human resources (including wages/benefit/pension), capital expenditures and subsequent additional rental costs, CAMS, insurance and utilities.
4. Next steps:
 - i) Debbie will update proposal and insert table

- ii) Dominic will include costs related to the WHC proposal as previously identified and speak to a representative from Algoma Family Services regarding access to funding for the Youth Hub
 - iii) Lisa will contact the Women's Health Clinic in Sudbury to try determine how they accessed their funding and to clarify their service delivery
5. A contingent plan moving forward is to meet with Lil Silvano CEO of the Group Health Centre to review our proposal and potential collaboration.
 6. There was discussion around meeting with the Director of Transformation at the Ontario Health Team as the next step. Risk and benefits of this plan were discussed. Subsequent to this meeting would be to meet with OHT Leadership to acquire a formal letter of support.

Next Meeting of this committee – scheduled April 14, 2023 at 1000 hrs.
